Records responsive to this request is publicly available at :

MyPropertyInfo provides a single, printable report based on individual address searches from numerous EPA databases. This database can be accessed online at <http://www3.epa.gov/enviro/html/fii/myproperty/index.html>

Envirofacts enables a search by providing an address, zip code, county, city, waterbody, park name, etc., in the input field. The Multisystem Search Form allows you to search multiple environmental databases for facility information, including toxic chemical releases, water discharge permit compliance, hazardous waste handling processes, Superfund status, and air emission estimates. Search the Envirofacts database using any combination of the following criteria: facility name, geography, facility industrial classification, or pollutant. This database can be accessed online at <http://www3.epa.gov/enviro/>
